

## 2 DAY COSTA BLANCA + VALENCIA DISCOVERY TOUR

PRICE: €199 per pax, €349 per couple\*

### GOAL

The purpose of this tour is to offer you the opportunity of “hands-on” interaction with real estate while seeing what each area of the northern Costa Blanca and the southern Costa del Azahar (Valencia) has to offer. This tour is aimed at those who don’t know Spain and want to know more about this region as a retirement or investment destination.

Participants will gain an overview of locations ranging from coastal villages to larger cities and the different real estate options in each area. The tour will include both long-term rentals and properties for sale or for investment. The tour will be led by local experts, knowledgeable in both the region’s lifestyle and real estate market. For those looking at retirement, participants should be able to select a suitable location which is a match for their lifestyle and retirement objectives. For those seeking to invest, it should be clear what each location has to offer and the returns which are achievable.

Participants will arrive in Alicante and depart from Valencia, saving time and allowing the visit to cover a greater area. The tour will not cover the Costa Blanca south, with its focus on mass tourism.

"We had a wonderful two days touring the Algarve, and were exceptionally pleased with the experience and the value we got from what we invested in the Algarve tour. Luis and Joao were fantastic." **Diane**

"Toni and I were delighted with our "Discovery Tours." Rui and Joao were both thorough and personable. With their help we were able to narrow the towns we wish to investigate further to four, and to prioritize preliminarily the desirability of each in only two days! My hat's off to you for the tour concept, and for your wise choice of these two men to execute it." **Toni and John**

"I really enjoyed your real estate tour and your presentations." **Mary**
